

GROWTH

This year UNCC has seen many novelties—residence halls (equipped with real live resident students!), social fraternities and sororities, and new buildings springing up one after another—all exemplifying the development of a university. It is for this reason that the theme for the 1970 Rogues 'n Rascals is GROWTH, in accordance with what we feel is the theme of the history of UNCC.

In 1959, a site was selected for "Charlotte College" which had been established in 1949. The site was eight miles from downtown Charlotte and consisted of a lot of land, a lot of trees, and one building—a barn!

In 1961, the college moved to the new site and into the first two buildings which were the present Language Building and the Kennedy Building.

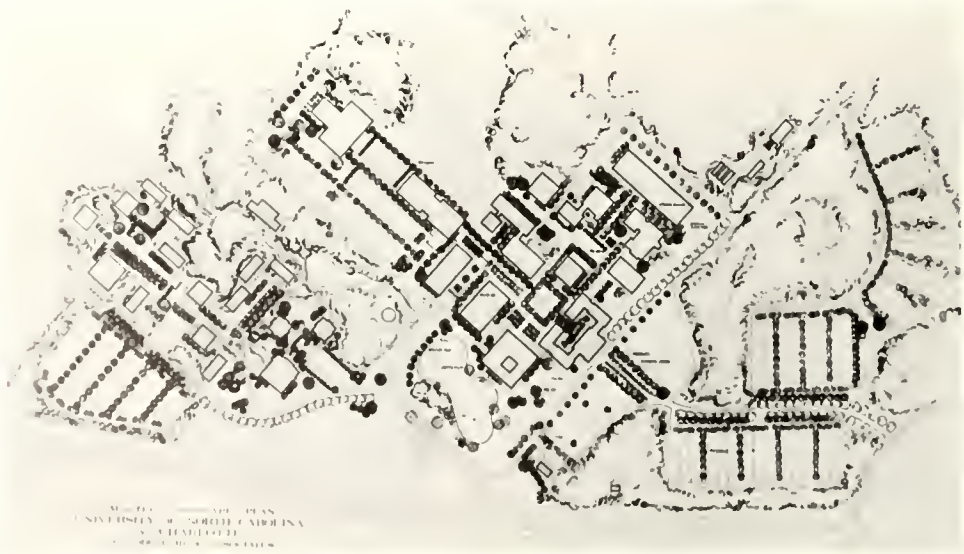

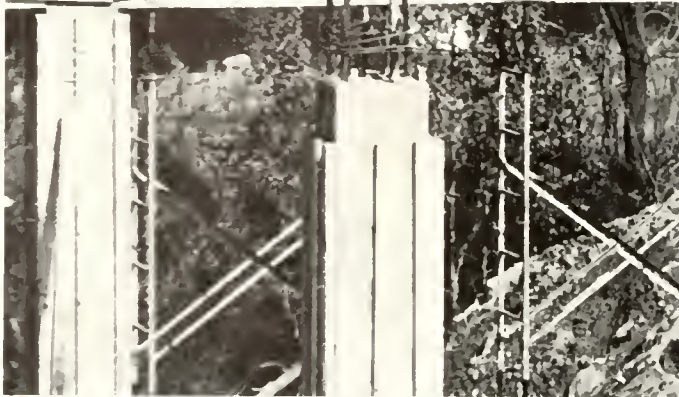

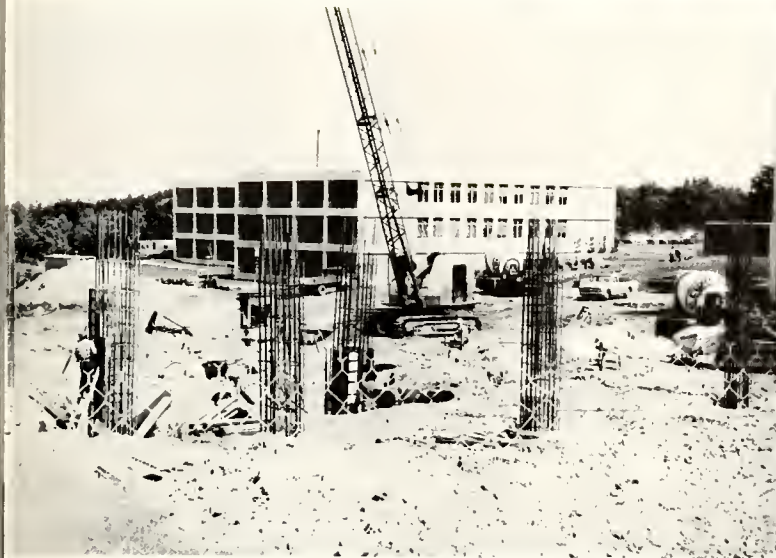

1963 saw the establishment of Charlotte College as a four-year, State supported institution. Then, on July 1, 1965, Charlotte College attained university status when it became the University of North Carolina at Charlotte.

UNCC attained tangible university status this year with the vast construction of new buildings, the addition of graduate studies, and especially dorm students—after which UNCC will never be the same! Today, there is no mistaking UNCC for Charlotte College, but the years of Charlotte College will not be forgotten, as they were the childhood years of a University.

THE GALLERY

THE following is the third presentation of the Gallery which was originated two years ago in order to recognize students who have contributed notably to the constructive activities, interest, and spirit of UNCC. We feel that to recognize such unselfish contribution is worthwhile and hope that the list will grow in the future.

SPORTS

Basketball

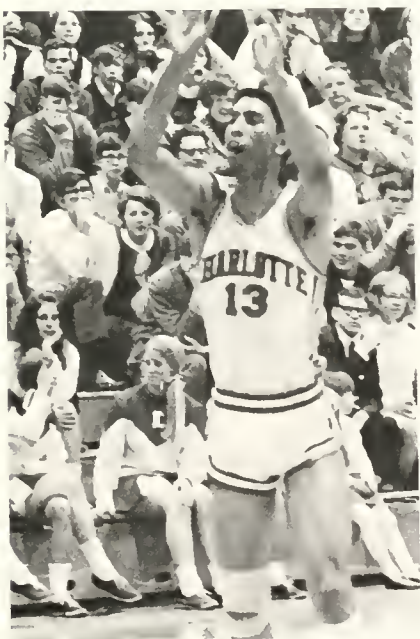

For the second consecutive year the 49'ers brought the DIAC Conference crown to Charlotte. The team finished with a 10-4 regular season record, winning eight of their last nine conference games. This momentum carried them through the conference tournament with victories over the College of Charleston, Methodist College, and a tough host Lynchburg.

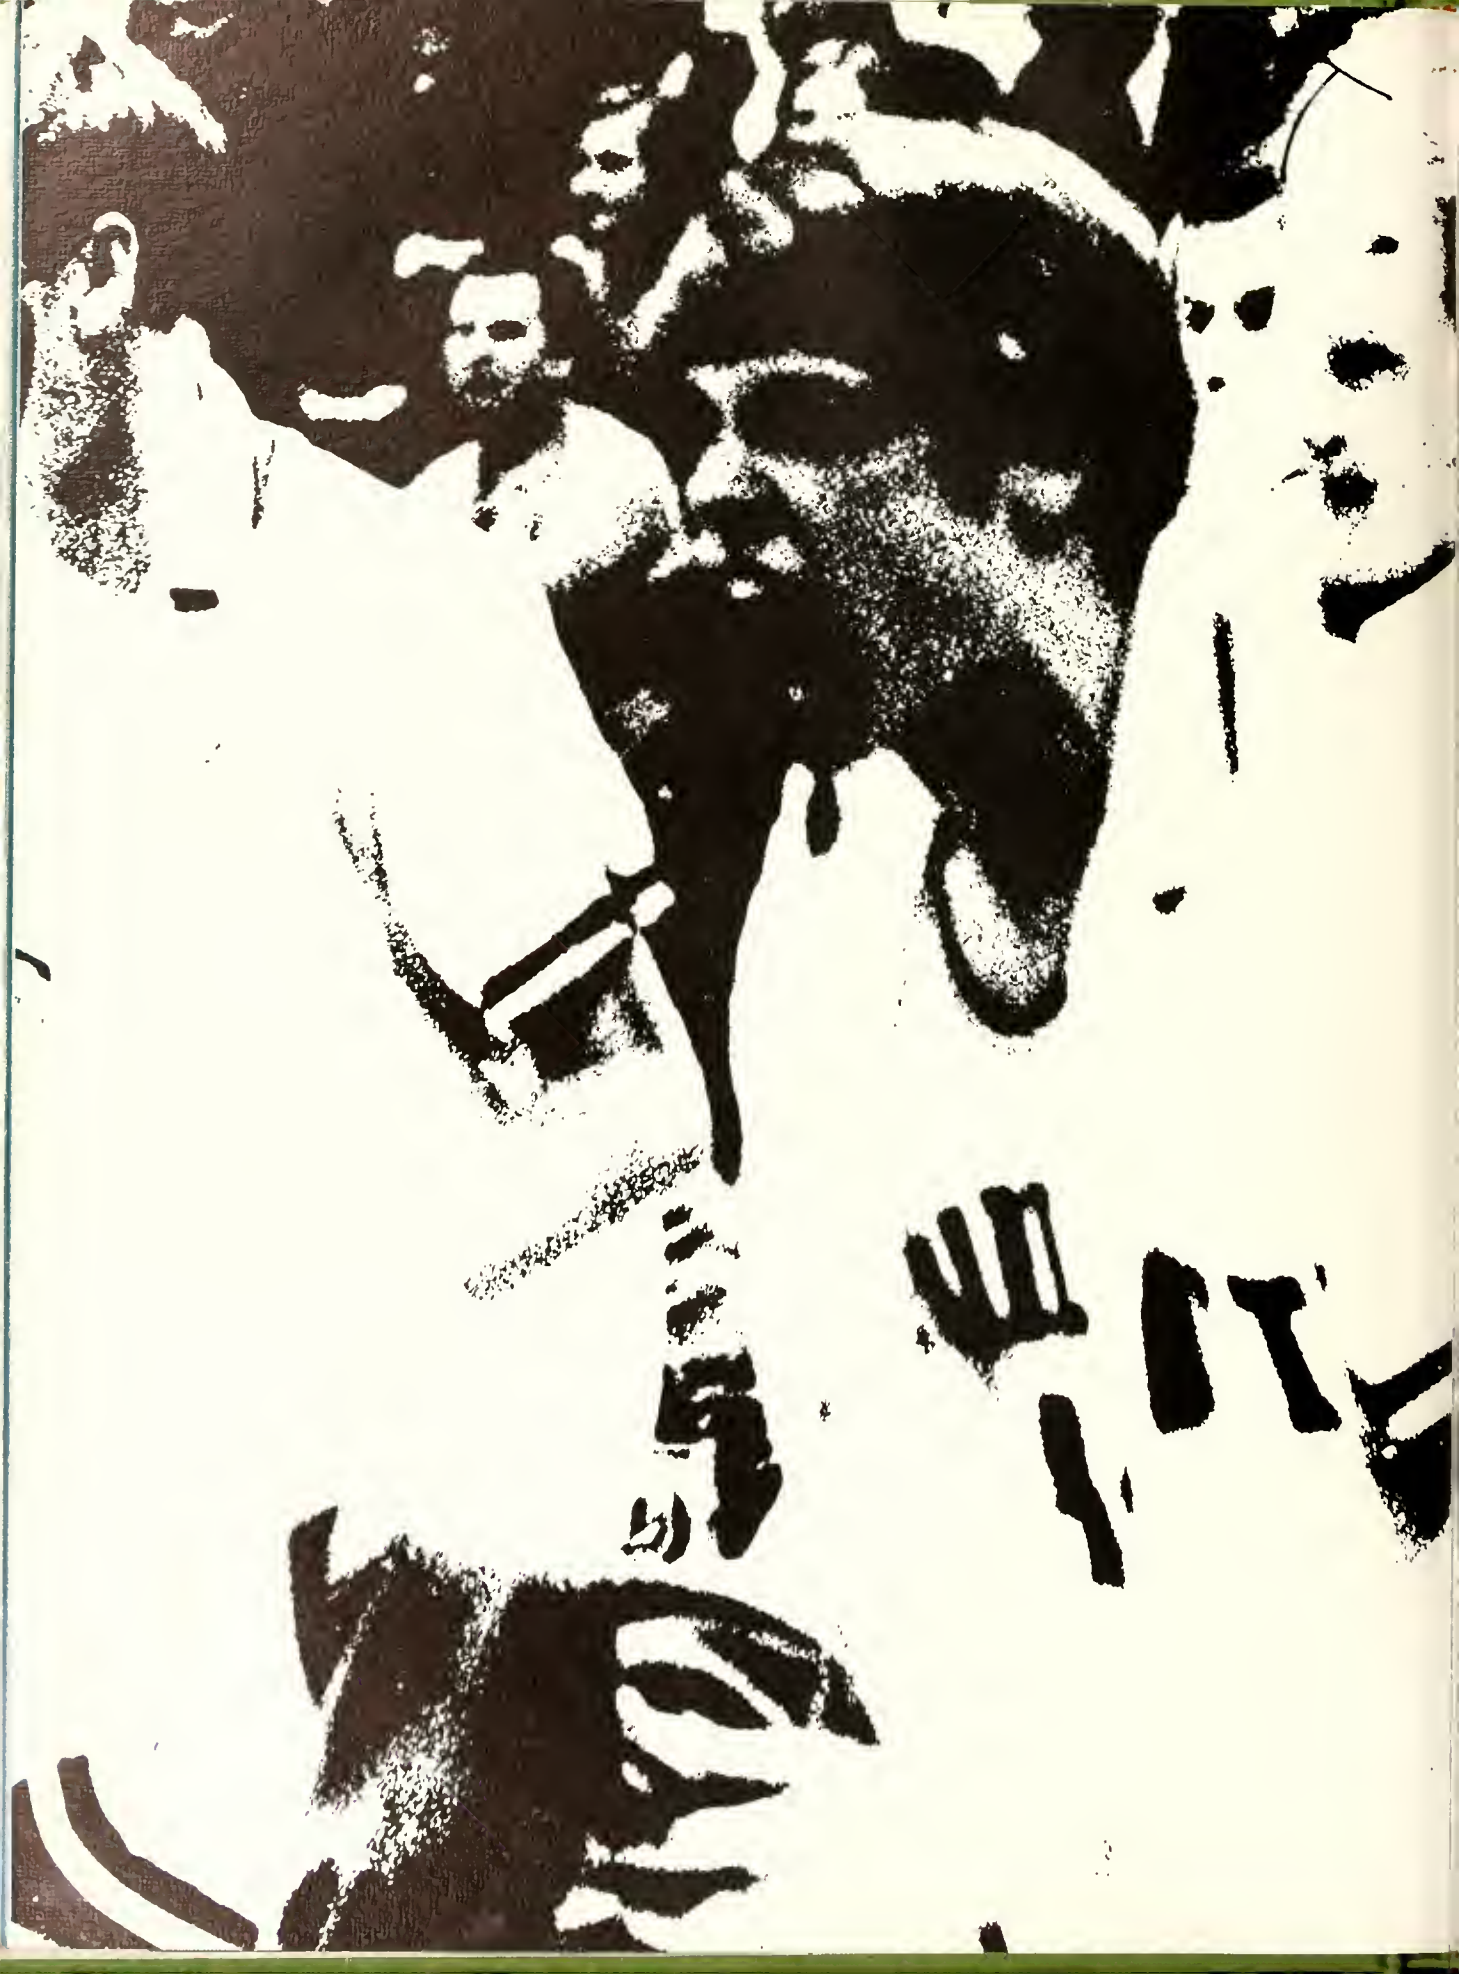

The 49'ers placed three men on the All-Tournament team. Larry Reid, who was named the tournament's Most Valuable Player, was joined by teammates Ben Basinger and All Conference Norris Dae.

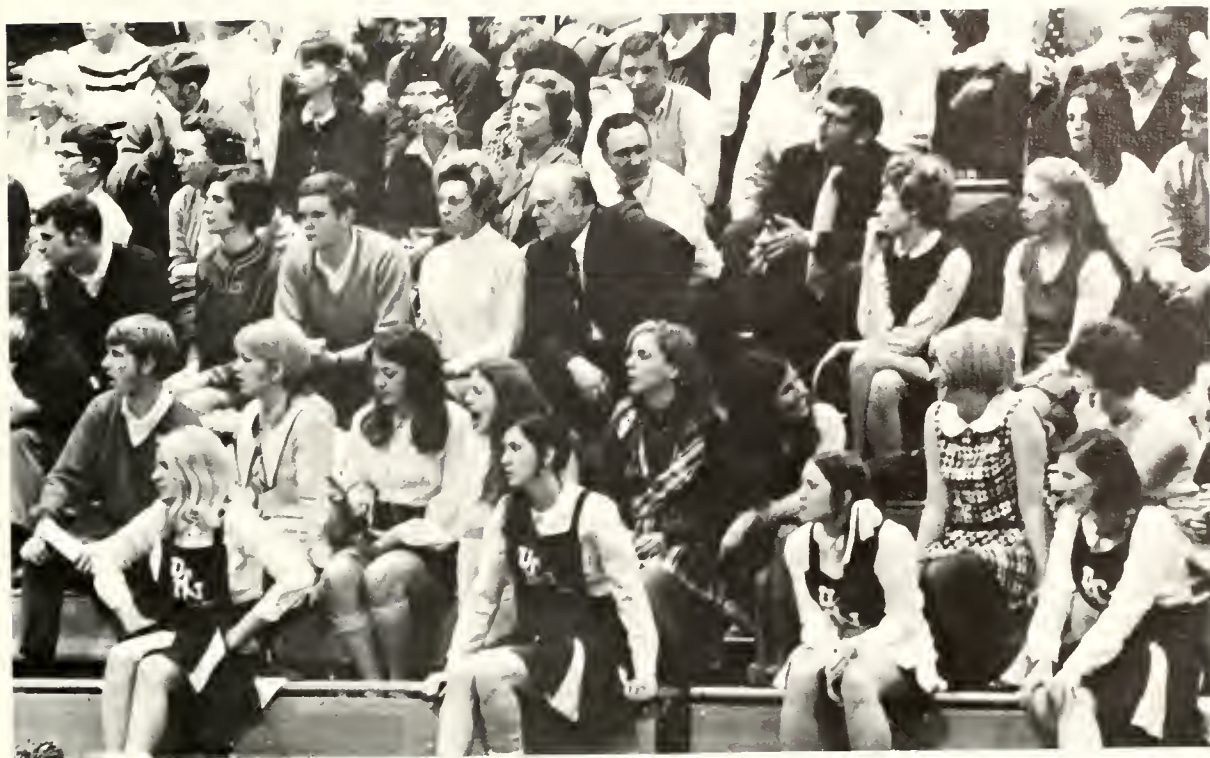

The team went on to The District Playoffs where they made a very respectable showing, but lost to two very powerful Carolina Conference teams, Guilford College and Elon.

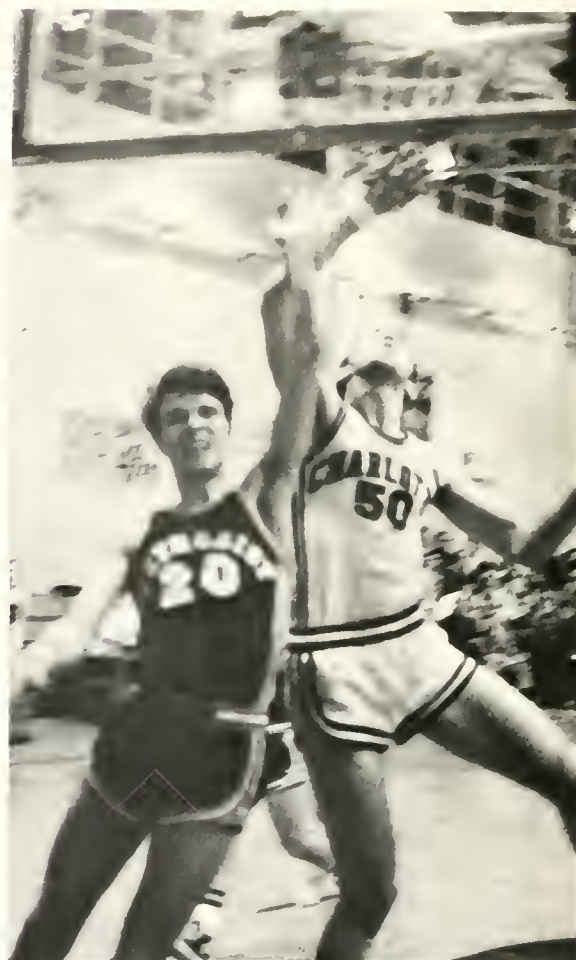

The Conference Championship was a very pleasant way for Coach Harvey Murphy to end his coaching tenure. This year Dr. Murphy assumes the duties of Head of the Department of Health and Physical Education. New Head Basketball Coach Bill Foster leads the 1970-71 edition of the 49'ers into NCAA competition.

Bowling

UNCC's keglers finished the season with their best record ever. The bowlers finished a disappointing second place in the regular season play behind Lynchburg College. The team had been favored to win handily in the regular season play, but split games with Methodist College in the last match of the season caused them to lose by one-half game.

Revenge was soon gained as the bowlers traveled to Fayetteville on March 13-14 to participate in the DIAC conference tournament. The team made a strong "come-from-behind" charge in the third game to pull out an 85 pin team victory in the tournament.

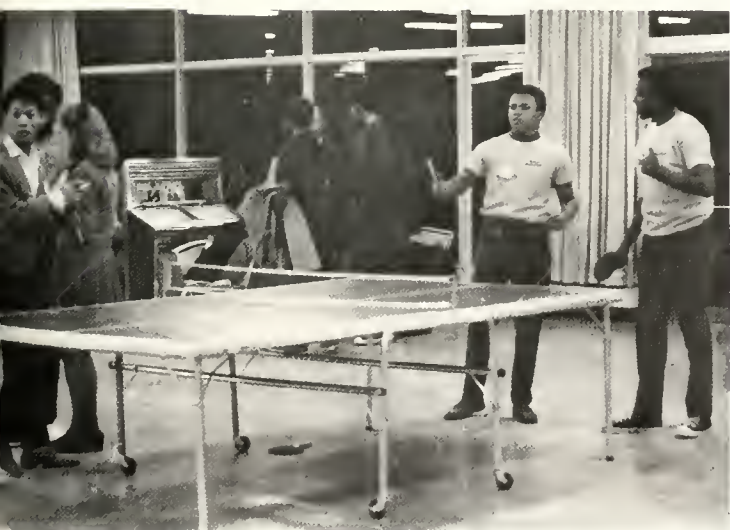

In individual competition, the bowlers took a second and third place doubles. UNCC's Danny Ewing lost by a narrow margin of only 2 pins in the all-events competition to take another second place in the tournament.

Members of this year's team are Danny Ewing, junior; Ken Imes, senior; Steve Kendrick, junior; Hugh Pace, freshman; and Kurt Taube, junior. The team is coached by Dean MacKay and Jon Thomas.

UNCC, for the third consecutive year, has hosted the annual Association of College Unions International Region V games tournament.

The tournament, beginning February 12 and concluding February 14, involved approximately thirty colleges and universities from five states. Approximately 230 students participated.

Wrestling

The UNCC wrestlers traveled to Lynchburg for the Conference Tournament and came home with five individual conference champions. These efforts produced a second place finish in the team standings.

The team finished the regular season with five wins and eight losses.

Annis and Scotty, winners in the District Tournament, went to the NAIA National Tournament. Annis lost his match in the first round but Scotty advanced to the quarter final before losing to Landy Walker, who finished third nationally.

By virtue of his two victories, Scotty became the first 49'ers to score in a national tournament.

CROSS-COUNTRY

UNC-C finished second in the conference meet held at Methodist College on November 8. The UNC-C Harriers placed four men in the top ten finishers. Runners wearing the UNC-C brand finished fourth, fifth, seventh, tenth, and eleventh.

Dan Dickenson, a Freshman, finished fourth in the conference and has been chosen as All Conference.

The Harriers finished the season with a 7-2 conference record and a 7-8 overall record. Prospects for next year look good because the entire team, with the exception of senior Mike Ridge, will return.

INTRAMURALS

Intramural activities at UNCC are designed to give our students an outlet from their academic studies. The program is quite competitive, but also stresses sportsmanship and fellowship with other students.

Teams are sponsored by fraternities, clubs, dorms, or by independent groups. The activities offered are football, putt-putt, table tennis, tug-o-war, basketball, pool, badminton, volleyball, horseshoes, golf, tennis, and bowling. With the completion of the physical education facility, a number of new sports will be added to give more students a chance to participate.

Competition in the program is based on team performance in the events throughout the year. The team winner for 1969-70 was the Engineers Club and the 2nd place team was APO.

Highlights of the intramural program included the consolidated Co-Rec. Play Day held at UNC-G. and our Intramural Banquet and Awards Night.

1970-71 will bring a much better program with increased participation, a wider variety of athletics offered, and more on-campus facilities.

Academics

Dr. Norman W. Schul

DIVISION OF BEHAVIORAL AND SOCIAL SCIENCE

The Division of Social and Behavioral Sciences is composed of the Departments of Geography and Geology, Health and Physical Education, Political Science, Psychology and Sociology. Undergraduate majors are offered in geography, political science, sociology and psychology.

One of the Division's urban-related efforts is the Internship program in Community Education and Service which provides students an opportunity for meaningful service in local metropolitan communities while learning about urban problems and prospects. In this service-learning program, the student earns a stipend and academic credit for a twelve-week summer internship and seminar.

Faculty are involved in a number of research and public service projects such as the Robert A. Taft Institute in political service, Cooperative School Science Program on Earth Science in geography and research in panic behavior in psychology.

DIVISION OF EDUCATION

Teacher education at the University of North Carolina at Charlotte is conceived as a cooperative enterprise of the entire faculty. The Division of Education, within the framework of the liberal arts and science curriculum, offers programs for the professional preparation of teachers for early childhood, elementary, and secondary education. Emphasis is given to the development and analysis of experiences which liberate, freeing the capacity to learn; the teacher-learner relationship; factors of meaning, values, and self-concepts which cause behavior, experiences which provide opportunities for person to person relationships, and to experiences in various school-community settings which provide opportunities for the development of competencies necessary for self-analysis, value judgments, choices, evaluation, and behavioral change.

Dr. John B. Chase

Dr. Philip E. Hildreth

DIVISION OF MATHEMATICS AND NATURAL SCIENCE

The Division of Mathematics and Natural Sciences offers the Bachelor of Arts degree in Physics and both the Bachelor of Arts and Bachelor of Science degrees in Biology, Chemistry, and Mathematics. The Department of Physics expects to offer the Bachelor of Science degree within the next few years. The department of Mathematics was the first of the departments to become involved in graduate work (Master of Arts in Education) and hopes to initiate the Master of Arts in Mathematics degree in the 1971-73 biennium. It is also anticipated that the Biology and Chemistry Departments will begin their graduate programs in the near future.

DIVISION OF HUMANITIES AND FINE ARTS

The Division of Humanities consists of the Departments of English, Fine Arts, Foreign Languages, History, and Philosophy and Religion. The Humanities orientation of the disciplines seeks to acquaint the student with man's assessment of himself within the universe as manifested through ideas in languages and literature and the arts. Through providing opportunities for vocational pursuit, the departments within the Humanities Division seek to help a student to become more sensitive to the human condition regardless of his vocational intent. Graduate programs have begun in English and History. Some experimentation in interdisciplinary work takes place.

Dr. William S. Mathis

Dr. N. H. Barnette

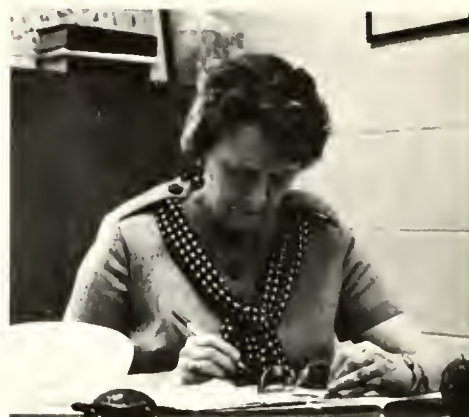

DIVISION OF ENGINEERING

The Division of Engineering, through an elective structure in its curriculum provides students an opportunity to design a study program in liberal engineering. The goal is to produce a liberally educated student with full awareness and involvement in current social problems and issues, while he becomes well grounded in the engineering methods and technical knowledge which will enable him to contribute to the solutions of these problems. An integrated five-year curriculum is planned leading to the Master of Professional Engineering Degree. A program of two years study built upon the technical institute programs of the state is already underway. This leads to a new degree, the Bachelor of Engineering Technology.

DIVISION OF NURSING

The graduates of 1970 will be "special" because they will be the first to wear the "Nurse's Pin" that the students have so carefully designed. Since 1965, the population of the Division of Nursing has increased from seven students and one nurse faculty to 130 full-time students and seven faculty.

Because nurses share in the miracles of preventive and curative medicine and have their unique functions to perform, the instruction must be patient-side and teacher-student relationships are different from the usual patterns. While the learning experiences in the hospital and public health agency are the very heart of the nursing major, the students are also involved in course work and extracurricular activities on the campus.

Mrs. Edith Brocker

DIVISION OF ECONOMICS AND BUSINESS ADMINISTRATION

Dr. Allen Van Palmer
Division Chairman

WELCOME UNCC

Reddy To Rock

Reddy Kilowatt never misses a party. In fact, without him, things would be pretty dull. Think of it: no stereos, televisions, electric guitars or ice cubes.

Thanks to Reddy there are over 160 flameless electric servants that make modern living comfortable, economical and fun. When you have a home of your own, there will probably be even more than that.

A vintage advertisement for Budweiser featuring a red upright piano. The piano's keyboard is replaced by a Budweiser beer label. The label prominently displays 'Budweiser' in large, bold letters, with 'KING OF BEERS.' underneath. Below this, it reads 'Brewed by our original process from the choicest hops, rice and best barley malt' and 'THE LARGEST-SELLING BEER IN THE WORLD'. The name 'Anheuser-Busch, Inc.' is visible at the bottom of the label. The piano's side panels are decorated with the word 'GENUINE' in a stylized font. On top of the piano, several glasses of beer are served on a tray, along with a circular seal that reads 'BUDWEISER' and 'AMERICA'.

**Why do more
beer drinkers
sing the praises
of Budweiser
than any
other brand?**

**(You'll know why
after a bar
or two.)**

we have used pictures rather than words to reminisce the year, for your own words reproduce your memories far better than ours.

sincerely,
barbara jean smith
